

Midwest Moving and Storage Awarded Contract by Argonne National Laboratory
Company to Provide High Quality Relocation and Logistical Services for the new Energy Sciences Building (ESB).

Elk Grove Village, Illinois, Dec. 6, 2012 – Midwest Moving and Storage announced today it was awarded a prime contract by the Argonne National Laboratory to provide high quality relocation and logistical services for the relocation of approximately 200 researchers to the new Energy Sciences Building scheduled to open in 2014. The award contract covers a multi-year period and a total contract value of approximately \$2.419 million.

The new building will serve as a cornerstone to Argonne's Site Modernization. The Science Laboratories Infrastructure Program within the U.S. Department of Energy's Office of Science has invested \$95 million in the construction of the Energy Sciences Building, scheduled for completion in 2013. Designated as Building 241, the ESB will be located north of Building 223. The new building's 145,000 gross square feet of floor space will house research personnel dedicated to addressing the world's most critical energy challenges

"We look forward to providing Argonne National Laboratory with critical relocation support that will reduce relocation downtime while protecting their buildings, assets and company secrets" said Tom Pera, Midwest Moving's general manager.

This project is overseen by local residents Tom Pera and Bill Carlstrom. Tom holds executive responsibility for quality, safety and compliance while Bill is responsible to oversee Midwest's specialty & security relocation team on the ESB site.
